Committee Minutes

Social Media Posts:

The committee discussed further Facebook post ideas. The purpose of this will be to further market and outreach for the Youth Committee. Maria Link brought up several social media theme ideas. Including a Halloween theme. The committee also began the discussion around a regular social media schedule. A decision was made to aim for a Youth Committee post each month.

Newsletter:

A discussion was also had surrounding the newsletter. Alanna Bent updated the group on the progress. The Newsletter has been approved, and the committee has access to FHANA's constant contact account for when the newsletters are ready to be sent out to the public. The committee discussed what content they wanted included on the newsletters. Alanna Bent will begin working on this project.

Coloring Books:

The committee also discussed the objective of coloring books. Maria Link proposed selling the books locally. This way we could reach more people locally, and increase our sales of the coloring books. The main challenge with this is the shipping costs. Alanna

Bent will reach out to Jason regarding the shipping details, and if this makes sense for the Youth Committee to proceed.
